Established March 2011
Garden Application**

Thank you for your interest in the Newtown Square Presbyterian Church Community Garden. Right now there is no waiting list for gardeners. If you would like a raised bed, please fill in your contact information below. Raised beds are assigned on a first come/first served basis. Each raised bed is 4'x16'x7.5" and is filled with mulch. No digging, just make a furrow and plant the seeds covering with a thin layer of compost. Keep the top layer moist until the roots are established. Once all beds have been assigned all further applicants will be placed on a waiting list.

The fee will be \$25 per bed due at time of application. The sooner this application is received the greater the likelihood is of receiving a plot.

The bed is yours for the duration of the year. All plots should be cleared of vegetation by Nov 1, of the gardening year. Once you have established a plot, then it is yours until you relinquish.

Renewal deadline is Feb 1st of the next gardening year. If we don't have your monies by this time, then you will forfeit the bed. We need time to advertise for the coming season.

Please provide us with the following information. Please print clearly.
